

Timberland Pro Series Workwear

Timberland PRO has now nominated Weldspares as an authorized wholesaler giving ease of access to our entire distribution network.

The Timberland Company has built its reputation on dedication to quality and innovation. This tradition began with its first waterproof workboot. Timberland PRO continues this heritage by assessing unmet needs of those who work in the most demanding environments then developing solutions that deliver ultimate comfort, durability and protection – all day long.

Timberland PRO® Brand Advantage:

- Timberland Heritage – Quality & craftsmanship
- A brand name that is a symbol of durability & protection
- Product designs driven by consumers' on-the-job needs
- Innovative “work” technologies
- Product integrity

The range features high quality gloves, footwear and apparel including the popular [Timberland Pro 105 Waterproof Jacket](#) and the innovative [328 Fleece](#) made from recycled materials.
